

Senior Terminus Project Officer Cletus William

Cletus William serves as the Senior Terminus Project Liaison Officer for CARICOM. This position falls under the Border Security Division (BSD) of INTERPOL Washington, the United States National Central Bureau (USNCB).

Cletus' duties are to support efforts by BSD/USNCB in assisting CARICOM Nations with the implementation of Project TERMINUS. The goal of Project TERMINUS is to strengthen border security of the partner countries by adding to their border management tools.

With over 22 years of law enforcement experience, specializing in passenger programs and Immigration enforcement, within both foreign and domestic operations. As a U.S. Customs and Border Protection Officer, Cletus held several positions engaging with International Stakeholders including team lead at CSI in Honduras, Team lead at Operation Safe Return following the devastating earthquake in Haiti and most recently Port Director at Bermuda Preclearance Operations.

Most recently, Cletus was assigned to the USCBP Fraudulent Document Analysis Unit (FDAU) as the Program Manager overseeing the CBP National Fraud Prevention Program, responsible for streamlining the detection, deterrence and prevention of fraud across all operational areas of USCBP.
